THE KID'S PLACE SCHOOL READINESS PROGRAM

The Kid's Place School Readiness Program

The Kid's Place is a state-licensed and monitored school readiness program.

Our goal is

to provide quality childcare and to help

children expand their education in preparation for kindergarten at an affordable cost for parents.

Children that attend The Kid's Place School Readiness program receive the appropriate care required to assist them in developing their intellectual, emotional, physical and social growth.

The Curriculum

The School Readiness program staff have been trained to implement lessons and activities for the *Creative Curriculum geared for toddlers and Preschool Children*. The *Creative Curriculum* is based on extensive research that focuses on how children learn and develop. This new curriculum has assisted the program in responding to academic requirements in addressing the overall academic content.

Children learn best by being active, and the identified curriculum encourages them to be independent, self-confident, curious learners who discover new things.
